

Prior law required a convicted sex offender to provide certain notifications, to register with law enforcement, and to provide law enforcement with information including but not limited to his name, address, place of employment, school, current photograph, telephone numbers, physical description, and every e-mail address, online screen name, or other online identifiers used by the offender to communicate on the Internet.

Prior law provided that persons who are required to register as a sex offender shall appear in person at the sheriff's office where the offender is currently registered to update information within three business days of establishing a new or additional physical residential address or of changes in information previously provided including but not limited to changes in the offender's name, place of employment, or place of enrollment.

New law requires a sex offender to appear in person at the sheriff's office where the offender is currently registered to update information when a change is made to any information previously provided by the offender pursuant to prior law.

Effective August 1, 2012.
